133 keys	external 650 x 420 x 200mm internal 645 x 415 x 130mm	20kg	£280.50

Easy to use

Step 1
Insert your personal colour coded access peg

Step 2
Twist to release the required key

Step 3
Remove key!
Access peg cannot be removed until key is returned

Colour coded – identification system

- Keys are secured to a numbered (retention) peg with a secure anti tamper seal, the peg is then locked into the board.
- Keys released only from the board with a coloured user (access) peg.
- User (access) peg locked onto board will identify exactly who has taken each key.

Electronic Key Tracking

Our most secure, comprehensive key access and monitoring system.

All contents secured within the Electronic Systems can be continuously monitored, helping you to successfully track and manage your keys and assets with complete audit trails, instant reports or alerts, restricted access and 24 hour support. Additional security options available include fingerprint and swipe card access, ensuring complete, secure key and asset management.

The "Restricted" Key Access System provides complete key and asset security by physically restricting access to certain keys, locking the keys into the board until an approved user enters their credentials.

If you do not require physically restricted access, the "Unrestricted" system is available and can be built to specification if required.

Features include:

- Solid Steel Housing with integrated control unit
- Mechanical emergency door and locked slots release
- Internal hinges to ensure protection
- Integrated biometric PIN or RFID card access
- Bespoke security lock with dual contacts for closed and locked

Jupiter Safe

Small budget safe

- Superior build quality compared to other safes in this class
- Ideal for storage of car keys, wallets, mobiles and small quantities of cash
- Can also be built into banks for use in hotels and office foyers

Protect yourself and your business

Ever been suspicious of a colleague or customer being over the legal limit to get behind the wheel?

Testing drivers is easy and inexpensive using single use breathalysers.

People often get caught out driving the morning after the night before – our disposable breathalysers will protect you.

The Digital options marked (Scottish) are calibrated to the 0.5% BAC limit while the UK/Scottish Disposable Breathalysers have the unique feature of having "3" lines of alcohol measurement at 0.2%, 0.5% and 0.8% BAC capturing most countries in Eastern, Western and the UK's legal limits including Scotland. All on a single tester.

Single pack	£2.99
Twin pack	£5.99

MAKES CAR INTERIORS LOOK NEW

Dashboard & interior microfibre duster

The smaller microfibre dash duster gets in amongst and lifts dust out of vents, dials, buttons, holders and interior surfaces.

Large Showroom microfibre duster

Lifts the thin layer of dust that collects on the vehicle surface. Perfect for a quick once over before a test drive, giving a just valeted feel to the vehicle exterior.

each	£9.45
small dashboard duster	£6.55
large showroom duster	£9.45

mg motorgroup Sales: 01922 640 700

mg motorgroup Sales: 01922 640 700

Standard size is 280mm x 13mm.

Rear window stickers

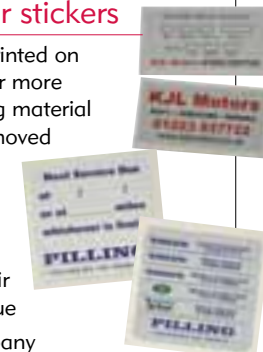

- Huge selection of own design rear view window stickers to choose from.
- Very competitively priced

Service reminder stickers

These can either be printed on permanent adhesive or more commonly on self cling material as they need to be removed from time to time.

- Service reminder stickers – an ideal way to remind customers when their service or MOT is due
- Advertise your company

Posca pens – opaque water-based paint-like marker pens

POSCA markers use water-based pigment ink to produce poster-paint-like vibrant colours. Posca is easily removed from glass, making it ideal for temporary signs and window art. Once dry, you can easily layer over the top to build your design and correct any errors.

- Water based poster-paint effect with no odour or smell
- Write your own sales slogans – looks like paint. Washes off easily.
- Produces an opaque, vivid colour

item	colours	price
